Dear Mr. Malbos,

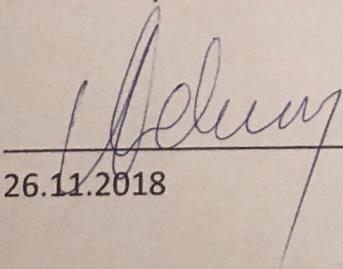

We would like to notify CIVL that the NAC of Republic of Kosovo (Aeronautical Federation of Kosova), adopts APPI system as education system for paragliding pilots, tandem pilots and paragliding instructors education.

Based on the equivalences between APPI system and IPPI parapro / Safepro system, the Aeronautical Federation of Kosova, beside the IPPI cards issued directly by our NAC, will recognize the IPPI cards issued directly by the APPI for citizens of Kosova too.

Best regards,

Ardall Celina
